St. Michaels College

Iligan City | 2007-2014

BS in Computer Engineering

Full-time Training in Malabon

|Malabon City | 2014-2017

The Full-time Training in Malabon is a 2-year Christian training program for college graduates to be perfected in the aspects of Bible truths, the Christian life, character, church service, and the gospel. The Full-time Training is not a seminary to produce professional preachers, but an environment where young believers can grow in Christ to become normal, living, functioning members of the Body of Christ.

PROJECT EXPERIENCE

- Developed a 3D animated portfolio utilizing HTML, CSS, and JavaScript.
- Engineered a robust, fully responsive MERN stack web application incorporating advanced functionalities.
- Designed and implemented an e-commerce website leveraging React.
- Designed a sleek portfolio demonstrating expertise in responsive design across various platforms: mobile, tablet, and desktop.
- Constructed a blog website utilizing PHP, MySQL, and Laravel.

ADDITIONAL SKILLS

- Microsoft Office Suite
- Adobe Photoshop
- AUTOCAD
- Video Editing
